Nature of Business:	Finance & Consulting
Other nature(s) of business:	Other (Insurance)

Internship Profile

Job Title:	AI Intern
Job Description:	Desired Qualification & Expertise: Pursuing Masters (MTech/ME/MSC) in Computer Science/Information Technology or other quantitative disciplines from Tier 1/ Tier 2 institutes (IIT, IIIT, NIT, BITS, or other premiere institutions) Specialization covering experience in building Machine Learning models Knowhow of supervised/unsupervised ML algorithms -Logistic Regression / K-Means/Random Forest / SVM/XG Boost/Naïve Bias/Time series forecasting etc. Excellent programming skills in Python is mandatory, hands-on experience on R is good to have Knowhow of working with cloud infrastructure and high-performance computing (GPU/TPU) be a plus Role & Responsibilities Develop Machine learning based solutions for business needs spanning across Life Insurance lifecycle and ensure their integration with technology systems Working with large data sets and bringing out insights from Data Perform data discovery and validate hypothesis to support business decisions and for decisions on model development. Ideate and build models, compare/ validate / QC models, monitor model performance and flag out performance deviation High attention to detail combined with an ability to work in a fast paced environment with minimal guidance Explore new age AI techniques and apply those for solving business problems at MLI Prepare and present the analysis and model outputs to key business stakeholders.

How do you know that you are fit for this role?

You aspire to have a hands-on experience using python for data science projects.

You want to develop execution knowledge of Machine Learning/ Deep learning algorithms using PySpark, Scikit-learn, and Tensor Flow etc.

You are eager to be a part of a team developing AI-Machine Learning technologies with a strong background in advanced mathematical concepts and equally good understanding of algorithms.

You can work with a lean team internally, and you are a self-starter.

Minimum No. of Hires:	5
Expected No. of Hires:	8
Location(s)/Place of Posting/Online:	Gurugram
Skillset:	Machine Learning and Deep Learning
Students with backlog eligible:	No

Selection Process

Resume Shortlist:	Yes
Mode of Selection:	Virtual
Resume shortlisting before test?:	Yes
Test:	Yes
Mode of Test:	Online
Test duration (minutes):	120
Aptitude/Psycometric:	No
Technical:	Yes
Group Discussion:	No
Personal Interview:	Yes
Technical Round:	Yes
HR Round:	Yes
Other Processes (if any):	
No. of Rounds:	3
Medical Test:	No

Eligible Academic Programs

Diversity Recruiting: No

Eligible Years: Graduating in 2026 (Pre-Final Year Students) - B.Tech / Dual / Master's

Eligible Departments: M.Sc in Chemistry, M.Sc in Cognitive Science, M.Sc in Economics, M.Sc in Mathematics, M.Sc in Physics, Master of Arts in Culture, Society, Thought

Stipend Details

Stipend (per month) (In INR Per Month): 25,000 INR Per Month

Accommodation: No

Any other perks/ benefits/ components: No

Provision of PPO based on performance? Yes

Tentative CTC for PPO select: 11.5 LPA INR Per Annum
