Internship Profile

Job Title: Discovery Explorer Intern Developer

Job Description:

- Join seminars and workshops, where you'll learn about financial services, Technology as a business area, the recruitment process and Barclays as an employer.
- Participate in specific breakout sessions within Technology, where you'll gain insights of what you can expect from the Technology Developer Summer Internship in 2026, which could lead to a 2 year rotational graduate programme in 2027 which offers an essential learning experience aligned to our leadership development framework.
- Build your understanding of the assessment process and next steps.
- Connect with people from across our business, including current graduates who have already made the journey that you are starting out on.
- Attend dedicated networking sessions with senior leaders and graduates aligned to your chosen business area.
- Explore the various Barclays DE&I networks.

Who can apply?

You'll need to be 2 years out from graduation and can be studying Computer Science (CS), Information Technology (IT), Electronics & Telecommunication (ENTC), Data Science & artificial Intelligence and Machine Learning degree discipline.

Beyond that, you'll need to be curious to understand how a global bank adapts in a constantly evolving environment.

We are recruiting on a rolling basis, so we recommend that students apply early.
