Other nature(s) of business:	Other (Electric Mobility)

Internship Profile

Job Title:	Battery Smart- Future Leaders Internship Program (FLIP)
Job Description:	About Battery Smart Battery Smart - India's Largest and Fastest Growing Battery Swapping Network

With the aim to make electric mobility more accessible and enable greater EV adoption, IIT-Kanpur batch mates Pulkit Khurana and Siddharth Sikka set out to create a solution that is transforming the future of electric mobility.

The duo founded Battery Smart in 2019 to make EV adoption simple, economical, and accessible. The company has scaled rapidly in just three years to become India's largest battery-swapping network for electric two- and three-wheelers. Battery Smart has completed 26 million swaps, set up 900+ live swap stations across 27 cities, and works with 38,100+ vehicles.

With an interoperable battery swapping solution, dense swapping network, and two-minute swaps, Battery Smart's battery-as-a-service solution helps combat deterrents to EV adoption, such as long charging time, unreliable battery life, range anxiety, and high-up front costs.

Its unique partner-led model enables it to leverage existing infrastructure and collaborate with local businesses to set up swap stations at a rapid pace. This has enabled the company to operate a highly dense network of 900+ swap stations across 27 cities. This model also attracts more first-time EV users and offers them minimal setup on existing real estate, attractive income, full technological support, and increased visibility.

Committed to helping India achieve its net zero emissions target by 2070, Battery Smart has powered 941 million+ electric km to date. For more information, please visit:

Key Milestones:

- 2019 | Battery Smart was founded
- 2020 | 15,362 swaps, 87 vehicles, 20 live Swap Stations in a single city
- 2021 | 6,31,415 swaps, 2711 vehicles, 172 live Swap Stations across 4 cities February - Battery Smart announced its Seed Round, led by Orios Venture Partners November - Battery Smart raised USD 7 million in a pre-Series A round, led by Blume Ventures and Orios Ventures.
- 2022 | 6 million swaps, 13,000 vehicles, 450 live Swap Stations across 12 cities June - Battery Smart raised USD 25 million in a Series A round, led by Tiger Global December - Battery Smart raised USD 2 million from venture debt firm, BlackSoil and more than USD 9 million in a debt funding round from Stride Ventures.
- 2023 | 10 million swaps, 18,500 vehicles, 550+ swap stations across 18 cities July - Battery Smart raised USD 33 million in a Series B round, led by Tiger Global, Blume Ventures, The Ecosystem Integrity Fund (EIF), and British International Investment (BII).
- October -20 million swaps, 36,600 vehicles, 860+ swap stations across 27 cities.
- December – 26 million swaps, 38,100+ vehicles, 900+ swap stations across 27 cities

The internship at Battery Smart offers a comprehensive experience in the field of battery swapping solutions. As an intern, you will have the opportunity to contribute directly to the department's objectives and business needs by conducting research, collecting data, and analyzing trends. You will also collaborate with team members across departments to ensure effective communication and coordination

Responsibilities:

- Conduct research, collect data, and analyze trends that align with the department's objectives and business needs
- Coordinate effectively with team members across departments to ensure clear and consistent communication
- Support the planning, execution, and successful completion of assigned projects within your designated department
- Track key performance metrics within the department, providing insights and recommendations for process improvements
- Stay informed on industry trends and market developments to keep the department aligned with current best practices
- Identify potential opportunities for Battery Smart to enhance its offerings and better serve its customers

Internship Highlights:

- On-Job Experience: Gain practical, field-based experience by directly contributing to ongoing projects and operations related to battery swapping solutions
- Collaboration and Innovation: Collaborate with cross-functional teams to solve real-world challenges
- Mentorship: Receive guidance from experienced mentors who will support and provide regular feedback throughout the internship
- Reporting and Presentation: Prepare a detailed project report and present your findings and recommendations to

report and present your findings and recommendations to senior leadership at the end of the internship

- Career Opportunities: High-performing interns will be considered for full-time positions (PPOs)

Eligibility Criteria
The eligible applicants are all JEE admit students [B.tech, Dual Degree & Masters]. The criteria for across the role is minimum 7.5 CGPA is mandatory & 80% plus score in class X & XII

Stipend:-This profile offers a monthly stipend of 25,000 INR along with comprehensive benefits including company-provided accommodation, travel & food.

Tenure:- The summer internship program offers a tenure of 3 months

Location:- While our headquarter is located in Gurugram, the internship may involve travel to other cities based on project requirements.

Minimum No. of Hires:	2
Expected No. of Hires:	3
Location(s)/Place of Posting/Online:	Gurugram Haryana 122002
Skillset:	SQL, Python, Advance Excel, Strong Analytical Skill, Interpersonal skill.
Minimum CGPA:	7
Students with backlog eligible:	No

Selection Process

Resume Shortlist:	Yes
Mode of Selection:	Virtual
Resume shortlisting before test?:	Yes
Test:	Yes
Mode of Test:	Online
Test duration (minutes):	45
Aptitude/Psycometric:	Yes
Technical:	No
Group Discussion:	Yes
Other modes:	Resume Shortlisting
Personal Interview:	Yes
Technical Round:	Yes
HR Round:	No
Other Processes (if any):	
No. of Rounds:	3

Medical Test:

No

Eligible Academic Programs

**Diversity
Recruiting:**

No

**Eligible
Years:**

Graduating in 2027 (Second Year Students) - B.Tech / Dual, Graduating in 2027 (Third Year Students) - Dual Degree, Graduating in 2026 (Pre-Final Year Students) - B.Tech / Dual / Master's

**Eligible
Departments:**

B.Tech in Biochemical Engineering & Biotechnology, B.Tech in Chemical Engineering, B.Tech in Civil Engineering, B.Tech in Computer Science & Engineering, B.Tech in Electrical Engineering, B.Tech in Electrical Engineering (Power and Automation), B.Tech in Energy Engineering, B.Tech in Engineering Physics, B.Tech in Engineering and Computational Mechanics, B.Tech in Materials Engineering, B.Tech in Mathematics & Computing, B.Tech in Mechanical Engineering, B.Tech in Production & Industrial Engineering, B.Tech in Textile Engineering, B.Tech and M.Tech in Biochemical Engg & Biotechnology, B.Tech and M.Tech in Chemical Engineering, B.Tech and M.Tech in Computer Science & Engineering, B.Tech and M.Tech in Mathematics & Computing, M.Sc in Chemistry, M.Sc in Cognitive Science, M.Sc in Economics, M.Sc in Mathematics, M.Sc in Physics, Bachelor of Design, Master of Design in Industrial Design, Masters in Public Policy, Ph.D. in IITD-NYCU Joint Degree Programme

Stipend Details

Stipend (per month) (In INR Per Month):

25,000 INR Per Month

Accommodation:

Yes

Any other perks/ benefits/ components:

Company providing Travel and Food

Provision of PPO based on performance?

Yes

Tentative CTC for PPO select:

Not disclose INR Per Annum
