Internship Profile

Job Title: Design Intern

Job Description: UI/UX Design Intern – Bytee!

At Bytee!, we're revolutionizing professional growth by turning static resumes into dynamic video portfolios. We're looking for a design intern who can help us craft an intuitive, mobile-first experience that empowers young professionals to showcase their skills and personality.

What You'll Do:

Design user interfaces for our video-based profiles, content feed, and networking features.

Develop user flows, wireframes, and interactive prototypes that capture our vision.

Collaborate with the product team to iterate and refine designs based on user feedback.

Create clean, simple, and impactful designs that resonate with Gen Z professionals.

What We're Looking For:

Proficiency in design tools (Figma, Sketch, Adobe XD).

Strong grasp of mobile-first and responsive design principles.

A portfolio showcasing mobile UI/UX design, ideally for social or video-driven apps.

Excellent attention to detail and a passion for creating user-friendly experiences.

A collaborative mindset and the ability to iterate quickly.

Join us in reshaping the future of professional networking. If you're driven by innovation and design simplicity, we want to hear from you.

Apply Now.
