

Internship Notification Form, IIT Delhi

About Organisation

Name of Company:	ROHM Semiconductor India Private Limited
Date of Establishment:	1958-09-17
Number of Employees:	~24,000
Social Media Page Link:	https://www.linkedin.com/company/rohm-semiconductor-india/
Website:	https://www.rohm.com/india
Type of Organization:	MNC (Foreign Origin)
Location of Head office:	Japan
Nature of Business:	Core Engineering & Technology

Internship Profile

Job Title:	Intern – Design Engineer (Pravritti 2025)
Job Description:	The intern will work closely with RSI-LSI Design Engineering Team on projects related to ASIC development, Power Management ICs, and Buck converters. The internship will provide hands-on exposure to analog circuit design, simulation, validation, and semiconductor product development. Roles & Responsibilities: Assist in analog circuit design, simulation, and validation for semiconductor products. Gain exposure to ASIC development, Power ICs, and chip design flow at ROHM. Work on challenges in silicon design and debugging. Learn product test specification development and design verification methodologies. Collaborate with teams on product roll-out and final validation.
Minimum No. of Hires:	2
Expected No. of Hires:	6
Location(s)/Place of Posting/Online:	Bangalore
Skillset:	Strong knowledge of Analog Circuit Design, VLSI Technology, and Semiconductor Physics. Experience with SPICE simulations, transistor-level circuit design, and power management ICs. Familiarity with Cadence, Synopsys, or similar EDA tools is a plus.
Minimum CGPA:	8.0

Project Details:	Roles & Responsibilities: Assist in analog circuit design, simulation, and validation for semiconductor products. Gain exposure to ASIC development, Power ICs, and chip design flow at ROHM. Work on challenges in silicon design and debugging. Learn product test specification development and design verification methodologies. Collaborate with teams on product roll-out and final validation.
Students with backlog eligible:	No

Selection Process

Resume Shortlist:	Yes
Mode of Selection:	Hybrid
Resume shortlisting before test?:	Yes
Test:	Yes
Mode of Test:	Online
Test duration (minutes):	45
Aptitude/Psycometric:	Yes
Technical:	Yes
Group Discussion:	Yes
Personal Interview:	Yes
Technical Round:	Yes
HR Round:	Yes
Other Processes (if any):	
No. of Rounds:	3
Medical Test:	No

Eligible Academic Programs

Diversity Recruiting:	No
Eligible Years:	Graduating in 2026 (Pre-Final Year Students) - B.Tech / Dual / Master's
Eligible Departments:	B.Tech in Electrical Engineering, B.Tech in Electrical Engineering (Power and Automation), B.Tech in Engineering and Computational Mechanics

Stipend Details

Stipend (per month) (In INR Per Month): 60,000 INR Per Month

Provision of PPO based on performance? Yes

Tentative CTC for PPO select: 12LPA - and PPO in Japan INR Per Annum
