Internship Profile

Job Title:	Quality Assurance Engineer Intern (Pravritti 2025)
Job Description:	JOB Description: Quality Assurance Engineer Intern About Us: Cognavi, a subsidiary of Forum Engineering Inc.—a Japanese company established in 1981 and listed on the Tokyo Stock Exchange Prime Market—is a pioneer in human resource services in Japan. Cognavi offers a comprehensive AI/ML-powered platform that efficiently connects students with the right job opportunities while enabling recruiters to find top talent suited to their requirements. By leveraging artificial intelligence and machine learning, Cognavi bridges the gap between recruiters seeking suitable candidates, students looking for jobs aligned with their skill sets, and universities aiming to optimize their placement processes. Website: https://www.cognavi.com/ Location: Hybrid Experience: Entry Level Roles & Responsibility: Design, develop, and execute test cases to ensure software quality. Identify, document, and track bugs and defects using tracking tools like JIRA. Perform manual and automated testing of web and mobile applications. Collaborate with developers to understand requirements and improve software reliability. Conduct functional, regression, and performance testing to optimize applications. Learn and apply testing frameworks like Selenium, Cypress, or Playwright. Strong understanding of software development lifecycle (SDLC) and testing methodologies.

Knowledge of manual testing concepts, test case writing, and defect reporting.
Basic programming skills in Python, Java, or JavaScript (for automation testing).

Good to have:

Familiarity with tools like Selenium, Postman (API testing), or JMeter (performance testing) is a plus.

Hands-on experience with Git/GitHub for version control

Experience with CI/CD pipelines and test automation.

Qualifications

Currently pursuing or recently completed a degree in Computer Science, IT, or a related field.

Perks & Benefits:

Mentorship and guidance from experienced developers.

Opportunity to work on real-world projects and build your portfolio.

Flexible work environment (Remote/Hybrid options available).

Potential for a full-time offer upon successful completion of the internship.

Minimum No. of Hires:	2
Expected No. of Hires:	2
Location(s)/Place of Posting/Online:	Remote
Skillset:	Refer JD
Students with backlog eligible:	No
