Internship Profile

Job Title:	Interaction Design Intern
Job Description:	Interaction Design Intern Technology is an integral part of virtually everything we do, and our team enjoys access to some of the most advanced computing resources in the world. We are looking for an interaction design intern for our Hyderabad-based Design and User Experience group in the summer of 2025. This is a unique opportunity for an engaged individual to learn and enhance their skills in user experience, design thinking, prototyping, and other design-related activities while working with our full team of designers and developers. You will be able to experience the complete product development lifecycle through working closely with development teams, business analysts, and project owners. Internship Exposure: • Involvement in project where you can experience end to end design process • Gaining insights into financial domain • Acquiring end-to-end understanding of trading systems workflow and building core trading system components • Working on transformative tools, enhancing data analysis libraries, and building data visualization platforms • Designing and implementing scalable, real-time software Who we are looking for: • The ideal candidate should be a pre-final year student with a minimum CGPA of 7.50 with no current backlogs • The candidate should have a stellar portfolio showcasing interest in interaction design. We'll review your portfolio, looking for examples demonstrating practical understanding of CS concepts in

the following areas:

- Portray design thinking and have a passion for user-driven design solutions
- Robust and creative conceptualizing skills
- Ability to use the design process to solve problems
- Heuristics based design reviews
- Attention to detail and ability to make decisions on the fly
- Ability to effectively communicate design ideas
- Experience with FIGMA, Adobe Creative Suite, Axure or any other prototyping tools

Minimum No. of Hires: -

Expected No. of Hires: -

Location(s)/Place of Posting/Online: Hyderabad
