Internship Profile

Job Title:	Financial Market Intern
Job Description:	The internship will provide an opportunity to learn and participate in the world's most active financial derivatives markets. The participants will be trained to use the best in-class technologies to build their understanding of some of the world's most liquid and active futures products. Interns will learn to identify patterns, conduct unique research, and develop and execute new strategies in simulated markets. They will learn to analyze and assimilate financial news and data to determine market sentiments and learn the basics of technical and fundamental analysis in making decisions.
