

Internship Notification Form, IIT Delhi

About Organisation

Name of Company:	IHI Corporation
Date of Establishment:	1853-12-05
Number of Employees:	28,237
Social Media Page Link:	NA
Website:	https://www.ihi.co.jp/en/
Type of Organization:	MNC (Foreign Origin)
Location of Head office:	Japan
Nature of Business:	Manufacturing

Internship Profile

Job Title:	For 2026 graduate only 2025 Summer Internship_Data Analyst IHI
Job Description:	▼ Stipend Stipend will be paid 700JPY / 1H ex.700 yen per hour x 8 hours per day x 20 days per month =112,000 yen/month allowance

▼ Note:(important) Applications

We have collaborated with recruiting agent, Tech Japan regarding application of summer internship internship.

Kindly register and apply from below URL of Tech Japan portal as well simultaneously.

<https://hub.techjapan.work/student/internships/aCHyXb4BgW8wtDzYuDLzJj>

Thank you in advance for your cooperation.

(Company Info)

About the company.

The IHI Group positions being a good corporate citizen who develops together with society as our primary objective and fulfills our social mission through the below visions based on our management philosophies of "Contribute to the development of society through technology" and "Human resources are our single most valuable asset".

IHI Group Aims; The IHI Group seeks to solve the various environmental, industrial, social, and energy related problems of the 21st century, through using engineering expertise to focus on "Monozukuri" technology. In striving towards these goals, IHI is becoming a global enterprise offering the safety and security for the benefit of both the environment and humanity."Monozukuri" Technology means the technology used to improve

humanity. Monozukuri Technology means the technology used to improve the competitiveness of products and services offered, by strengthening the capabilities required in development, design, supply, manufacture and construction.

(Internship Project)

1.About the project the intern will be participating.
CFD evaluation of ammonia atomization.

2.What will be the intern doing in this project.

Direct prediction of liquid atomization behavior by CFD is a challenging task that requires significant computational resources. In this study, the applicability of the Eulerian/Lagrangian method for prediction of the atomization behavior of liquid ammonia. The effect of flash boiling is important in ammonia atomization, behavior of flash boiling is examined with existing models.

(Skills)

Must have skills

Mechanical Engineering, Combustion Engineering, Fluid Engineering, Aerospace Engineering

Nice to have skills

Computational Fluid Dynamics.

(Others)

The Ideal Person We are Looking For

1. Communication skills to promote team collaboration
- 2.Independence to carry out research without being told to do so
- 3.Challenging spirit to take on new challenges

Minimum No. of 1
Hires:

Expected No. of 1
Hires:

Location(s)/Place of Posting/Online: Yokohama / Japan / Offline

Skillset: Mechanical Engineering, Combustion Engineering, Fluid Engineering, Aerospace Engineering

Students with backlog eligible: No

Selection Process

Resume Shortlist: Yes

Mode of Selection: Virtual

Resume shortlisting before test?: No

Test: No

Group Discussion: No

Personal Interview: Yes

Technical Round:	Yes
HR Round:	Yes
Other Processes (if any):	
No. of Rounds:	1
Medical Test:	No

Eligible Academic Programs

Diversity Recruiting:	No
Eligible Years:	Graduating in 2026 (Pre-Final Year Students) - B.Tech / Dual / Master's
Eligible Departments:	B.Tech in Biochemical Engineering & Biotechnology, B.Tech in Chemical Engineering, B.Tech in Civil Engineering, B.Tech in Computer Science & Engineering, B.Tech in Electrical Engineering, B.Tech in Electrical Engineering (Power and Automation), B.Tech in Energy Engineering, B.Tech in Engineering Physics, B.Tech in Engineering and Computational Mechanics, B.Tech in Materials Engineering, B.Tech in Mathematics & Computing, B.Tech in Mechanical Engineering, B.Tech in Production & Industrial Engineering, B.Tech in Textile Engineering, B.Tech and M.Tech in Chemical Engineering, B.Tech and M.Tech in Computer Science & Engineering, B.Tech and M.Tech in Mathematics & Computing, M.Sc in Chemistry

Stipend Details

Stipend (per month) (In JPY Per Month):	112,000 JPY Per Month
Accommodation:	Accommodation / flight tickets provided
Provision of PPO based on performance?	Yes
Tentative CTC for PPO select:	6,800,000 JPY Per Annum
