

Internship Notification Form, IIT Delhi

About Organisation

Name of Company:	Insyde Health UG
Date of Establishment:	2023-03-24
Number of Employees:	1
Social Media Page Link:	N/A
Website:	www.insyde.io
Type of Organization:	STARTUP
Nature of Business:	Other (core_engineering,it_software)

Internship Profile

Job Title:	Role 1: AI/ML Engineering Intern
Job Description:	As an AI/ML intern, you will: • Develop and implement AI/ML and LLM-based algorithms for automated HVAC design generation. • Work with CAD data and 3D models to extract engineering-relevant features. • Assist in training AI models using engineering principles and existing Revit files. • Contribute to smart prompting features for user interaction with AI-generated designs. • Work with FreeCAD API to integrate AI into a CAD environment. • Ensure cloud-based deployment of AI modules for scalable performance.
Minimum No. of Hires:	2
Expected No. of Hires:	2
Location(s)/Place of Posting/Online:	Remote / (India-based)
Skillset:	What We're Looking For • Strong programming skills in Python with experience in TensorFlow, PyTorch, or Scikit-learn. • Familiarity with Generative AI models (GANs, CNNs, VAEs) and LLM fine-tuning for structured design outputs. • Basic knowledge of NLP techniques for AI-powered guidance and smart prompts. • Experience working with 3D geometry, CAD/BIM software or mechanical engineering is a plus. • Ability to work in cloud environments (AWS, Google Cloud) and deploy AI/LLM models at scale
Project Details:	At Insyde, we are developing a generative 3D modeling platform to revolutionize HVAC and Mechanical

Engineering CAD design. We are looking for a highly motivated AI/ML Engineering Intern to help us develop cutting-edge AI and LLM components that power intelligent HVAC system design generation and smart user interactions.

Students with backlog eligible: No

Selection Process

Resume Shortlist:	Yes
Mode of Selection:	Virtual
Resume shortlisting before test?:	Yes
Test:	Yes
Mode of Test:	Online
Test duration (minutes):	60
Aptitude/Psycometric:	No
Technical:	Yes
Group Discussion:	No
Personal Interview:	Yes
Technical Round:	Yes
HR Round:	Yes
Other Processes (if any):	
No. of Rounds:	3
Medical Test:	No

Eligible Academic Programs

Diversity Recruiting:	No
Eligible Years:	Graduating in 2026 (Pre-Final Year Students) - B.Tech / Dual / Master's
Eligible Departments:	B.Tech in Civil Engineering, B.Tech in Mechanical Engineering, B.Tech in Production & Industrial Engineering, Master of Design in Industrial Design, Bachelor of Design

Stipend Details

Stipend Details

Stipend (per month) (In INR Per Month): 30,000 INR Per Month

Any other perks/ benefits/ components:

Why Join Us?

- Gain hands-on experience in a German-based Tech startup, collaborating with top European researchers
- Work in a global AI & 3D modelling ecosystem—a major boost for your career.
- Receive mentorship from industry professionals.
- Top interns may be considered for full-time roles in Germany with potential equity opportunities.
- Experience the agility and precision of a German deep-tech startup, working on cutting-edge technologies.

Provision of PPO based on performance? Yes

Tentative CTC for PPO select: Depends on level of funding raised INR Per Annum
