Internship Profile

Job Title: Hair Processing and Treatment Intern

Job Description:

Hair Processing and Treatment Intern

We are seeking a detail-oriented and enthusiastic intern to join our Hair Processing and Treatment team. This internship provides a unique opportunity to gain hands-on experience in the hair extension industry, focusing on the processing, treatment, and quality control of human hair products.

Key Responsibilities:

Learn and apply various techniques for hair treatment, such as color processing, texture modification, and cuticle alignment.

Support quality control efforts by inspecting hair extensions for consistency, quality, and adherence to company standards.

Document and report on hair processing procedures and outcomes.

Participate in research and development projects to improve hair processing methods and product quality.

improve hair processing methods and product quality.

Collaborate with the team to address any issues related to hair processing and treatment.

What we are looking for:

Basic understanding of various protein based textile fibres specifically wool, and processing techniques of wool fibre to yarn is preferred.

Candidates from the Textile stream only can apply for this role.

Enthusiasm for learning about the hair extension industry and willingness to take on new challenges.

Why Join Us:

Hands-on experience in the hair processing and treatment process for high-quality human hair extensions.

Exposure to industry-standard practices and techniques.

Mentorship and training from experienced professionals in the field.

Opportunity to contribute to meaningful projects and gain valuable insights into the manufacturing process.
