Internship Profile

Job Title:	Product Intern
Job Description:	Kimbal is looking forward to onboard interns for 2-months internship to work with product owners in developing tech driven-energy based product. We have two innovative, energy-efficient products designed to drive sustainable solutions in the energy space, and we're looking for passionate individuals to join us on this exciting journey. We'll share 2 problem statements summarising our products in development. Interested applications will after applying- a. Provide a solution statement highlighting the problem statement they'd like to work on to convert them into a working product. b. Clearly list how interns will contribute during their internship tenure to fuel the product journey. c. 1 intern can only opt for 1 problem statement/ product journey.
