Internship Profile

Job Title: SDE Intern

Job Description: About us:

At its heart, Probo is an opinion trading platform building prediction markets for India. On Probo, users can find questions on many topics of their interest, like sports, news, finance and many more. Users can swipe yes or no to express their opinion and place trade(s), and by doing so they enter into an event contract with another user on the other side of the trade.

Probo is a matching engine that enables the execution of this event contract. Each trade is INR 10, and at the end of the event contract, the user with the correct opinion wins the quantum at stake.

We are also backed by 3 marquee investors- Sequoia, Elevation and Fundamentum.

Job Requirements:

- Love for solving complex problems from scratch
- Good to have: Prior internship experience and comfort with handling complex systems
- Ability to build scalable, sustainable, reliable and secure products that generate user love
- Ability to bring new practices, architectural choices and new initiatives onto the table to make overall tech stack more robust
- History and familiarity with server side architecture based on APIs, databases, infrastructure and systems.
- Ability to own the technical road map for

- systems/components
- Duration: Minimum 3 months

Benefits:

- Learn & contribute in Probo's journey to grow from ground-up.
- A stipend of upto INR 30,000/- per month
- Letter of Experience
- Letter of Recommendation (upon request)
- Pre-placement offer (subject to exceptional performance during the internship period)

Next steps:

Finally, if this tickles your bones and you know what it takes to build magical user experiences, this is definitely the right place for you.
