Internship Profile

Job Title:	Flutter App Developer
Job Description:	As a Flutter App Developer at SVAR, you will play a pivotal role in designing, developing, and deploying a cutting-edge mobile application. Your primary focus will be on building an interactive and visually appealing game app that runs seamlessly on both Android and iOS platforms. You will be responsible for integrating Firebase for real-time database management, ensuring smooth data synchronization, and providing a seamless user experience. Responsibilities • Incorporate daily user feedback and feature requests into the app's development. • Implement and deploy changes, updates, and improvements to the app's functionality and UI/UX. • Collaborate with design and product teams to maintain app stability while delivering user-driven enhancements.
