Nature of Business:	Manufacturing

Internship Profile

Job Title:	Interns
Job Description:	Mechanical Engineer The Mechanical Engineer will be responsible for maintaining and optimizing mechanical systems, electrical equipment, and utilities across the plant. The role involves preventive and corrective maintenance of machinery, ensuring the smooth functioning of electrical systems, and managing utilities such as boilers, compressors, and HVAC systems to ensure uninterrupted plant operations. Roles & Responsibilities: Mechanical Maintenance: • Conduct regular preventive and corrective maintenance of mechanical equipment, including production machinery, pumps, conveyors, and hydraulic systems. • Troubleshoot mechanical failures and malfunctions, ensuring minimal downtime and quick resolution of issues. • Implement and manage maintenance schedules to enhance equipment reliability and extend operational life. Electrical Systems Management: • Oversee the installation, maintenance, and repair of electrical systems, including motors, wiring, panels, and other plant electrical equipment. • Ensure that electrical systems are compliant with safety standards and regulations. • Diagnose electrical faults using appropriate testing equipment and ensure timely repairs to avoid disruptions in operations. Utility Management: • Maintain and operate utility systems, including boilers, air compressors, cooling towers, and HVAC systems, ensuring efficient and continuous service.

systems, ensuring efficient and continuous operation.

- Monitor the performance of utility systems and optimize their operation to reduce energy consumption and costs.

- Collaborate with utility service providers to ensure uninterrupted supply and compliance with energy regulations.

Safety and Compliance:

- Ensure compliance with all safety regulations related to mechanical, electrical, and utility systems.

- Participate in safety audits and risk assessments, implementing safety protocols to minimize hazards in the workplace.

- Conduct training sessions for plant personnel on the proper use and maintenance of machinery and equipment.

Roles Requirements:

Qualifications

- B.Tech in Mechanical Engineering or related field from a recognized institution.

- 0-2 years of experience in mechanical maintenance, electrical systems, and utility management (freshers are encouraged to apply).

- Basic knowledge of electrical systems, control panels, and plant utilities.

- Proficiency in MS Office and basic understanding of maintenance management software is an advantage.

Skills and

Competencies

- Technical Skills: Strong understanding of mechanical systems, electrical equipment, and utilities (boilers, HVAC, compressors).

- Problem-Solving: Ability to diagnose and resolve mechanical and electrical issues promptly.

- Attention to Detail: Ensures high standards of maintenance and safety in plant operations.

- Teamwork: Collaborates effectively with maintenance teams and other departments to ensure smooth plant functioning

Minimum No. of Hires: 3

Expected No. of Hires: 5

Location(s)/Place of Posting/Online: Punjab, Barna or Madhya Pradesh, Budhni

Skillset: Proficiency in core subjects of their respective engineering disciplines. Understanding of fundamental manufacturing processes like machining, casting, molding, welding, etc

Students with backlog eligible: No

Selection Process

Resume Shortlist:	Yes
Mode of Selection:	Virtual
Resume shortlisting before test?:	No
Test:	No
Group Discussion:	No
Personal Interview:	Yes
Technical Round:	No
HR Round:	No
Other Processes (if any):	
No. of Rounds:	1
Medical Test:	No

Eligible Academic Programs

Diversity Recruiting:	No
Eligible Years:	Graduating in 2026 (Pre-Final Year Students) - B.Tech / Dual / Master's
Eligible Departments:	B.Tech in Electrical Engineering, B.Tech in Electrical Engineering (Power and Automation), B.Tech in Engineering and Computational Mechanics, B.Tech in Mechanical Engineering, B.Tech in Production & Industrial Engineering

Stipend Details

Stipend (per month) (In INR Per Month):	50,000 INR Per Month
Accommodation:	No
Any other perks/ benefits/ components:	No
Provision of PPO based on performance?	Yes
Tentative CTC for PPO select:	12-18 LPA INR Per Annum

Medical Requirements

Medical Requirements:

Subject to physical examination on the date of joining
