Internship Profile

Job Title:	AI Automation Engineer - Intern (Pravritti 2025)
Job Description:	Job Description: We are seeking an enthusiastic AI Automation Engineer Intern to help build and optimize automation solutions within our AI workflows. This role involves collaborating with cross-functional teams to design, develop, and maintain automated systems that support AI model deployment and data processing pipelines. Key Responsibilities: Develop and implement automation scripts and tools to streamline AI workflows. Collaborate with AI engineers and data scientists to integrate automation in model training, testing, and deployment. Assist in troubleshooting and optimizing existing automation pipelines. Document processes and contribute to continuous improvement initiatives.
